Drive Return Information

Your hard drive package was shipped to your theatre using the EZ Return shipping label system. When you are ready to return this package, please remove the top shipping label to expose the return shipping label. This can be done by peeling away the zip strip labeled Technicolor EZ Return located at the bottom of the shipping label. The package can then be placed in the UPS pickup area for return. We will not contact you regarding any hard drives that have not returned to us until 2-weeks after the end play date of the content key.
